

Current Event Assignment

- FRIDAY IS CURRENT EVENT DAY -

The assignment is due every Friday during the 2-3 minutes of class. Students are required to have the assignment completed prior to arriving to class - (IT IS HOMEWORK!). Late or partial work will not be graded.

The assignment consists of:

- 1) You going online and locating a current article **about some type of current technology**.
- 2) You **printing the entire article** out on white paper. (You can print in 'gray-scale' to save ink).
- 3) **Read the article** you have selected for comprehension.
- 4) On a sheet of lined notebook paper, **hand write a accurate and coherent summary of the article that is legible. For credit you must write, at minimum, 1/2 of one side of a sheet of 8.5 x 11 lined notebook paper** (*fold paper in half, make a crease that is visible once the paper is unfolded. Use the crease as a reference to see if you have enough written to earn credit*).
- 5) **Staple your summary to the print-out of the article** and **make sure your name is on the assignment**.
- 6) Place on Mr. Karmanos' desk during the **first 2-3 minutes of class**, every **Friday**.

The assignment is worth 20 points and there will usually be 7 - 8 current events per nine weeks. That is 140 - 160 points per nine weeks, do not waste this easy way to earn points.
