Paste-Into Assignment

Using…. PIXLR

You will choose 5 descriptive words to be used in this assignment. For example, if you choose the word "affluent" you could paste an image of a $100 dollar bill into the letters of the word. The directions and program procedures will be given in class and there will be a screencast of the directions and procedures placed on the class website for further review at your convenience.

Once you have created your "Paste-into Words" you will then save all 5 files as .png - inside a new desktop folder titled, "***PASTE_INTO_PIXLR***".

ONLY WHEN YOU ARE FINISHED WITH THIS ASSIGNMENT…
At that time upload the folder to your OneDrive folder for grading.

Requirement	Points
5 files (words and paste into image)	30
Saved in correct location and format	10
total	40
