Search Google for Specific Document Types:

If you're looking to find results that are of a specific type, you can use the modifier "filetype:" For example, you might want to find only PowerPoint presentations related to internet marketing.

Example: "internet marketing" filetype:ppt

5. Now create a new folder titled, "**Internet_Google_ScavengerHunt**" on your desktop. In addition to THIS file, save the following items inside of the folder you just created. (name/title the downloaded files exactly as I have them named below) Once you are completely done, you must then upload your folder to our OneDrive class folder for grading.
