The directions and program procedures will be given in class and there will be a screencast of the directions and procedures placed on the class website for further review at your convenience.

Once you have created your patterns you will then use the pattern on a new blank canvas, then lower the opacity of the pattern layer; save that new file as, "Wallpaper001.png" "Wallpaper002.png" "Wallpaper003.png" "Wallpaper004.png" inside your network folder, inside of a new folder named, "**PHOTOSHOP_WALLPAPERS**".

Once you are totally finished, upload the folder, "**PHOTOSHOP_WALLPAPERS**" to your **OneDrive** folder for grading and credit.
