

Name: _____

Black History Month Website

Dreamweaver Page Instructions
Foundations of Web Design (1st, 2nd, and 3rd periods)

You will choose an Influential Black American, randomly from a bucket filled with names and then you begin to find/save information and photos about person you chose.

Make sure that you find out what is **unique** about your chosen Influential Black American and what sets them apart from other people in history, this will be the 2nd hyperlink on your website. Now, create a new folder titled, "the name of Influential Black American that you have chosen" inside of your network folder. Here is an example of possible folder title, "Percy Lavon Julian".

-**link (1)** will be HOME and will target the main/target portion of your Dreamweaver website.

-**link (2)** will be specific to your Influential Black American (i.e. Percy Lavon Julian – "Pioneer in the chemical synthesis of medicinal drugs from plants").

-**links (3) & (4)** must contain information about your Influential Black American; the focus and content of these 2 pages will your decision – try to be cohesive.

Links/Pages 2, 3, 4 must have at least 3 thumbnailed images and 2 paragraphs that reflect the desired theme of the page (at least 9 total images and 6 paragraphs – 1 paragraph has at least 5 sentences). You are also required to give credit for all borrowed media and text.

Upon completion of this project you may present this project to the class and earn extra credit points.

All work and media contained in a 1 folder titled after the chosen Influential Black American	Zero if not present
Website has 4 links	40 pts - 10per
Pages are properly titled -- Starting Page titled, "INDEX"	20 pts - 05per
