

Summer Site

Your assignment is to build a 4 page website (*the theme of this site is what you did over the summer*). You will have an opening/starting page, “**index.htm**” that will contain a brief written summary of your summer and have links to your 3 subtopics (additional pages). Your summer site will be graded according to the following requirements. Your assignment/website must be uploaded to your OneDrive folder for this class when it is due to be graded.

Examples of possible site sub-topics:

- Vacation, any time you left town
- Athletic activity, Church activity, Club, Family reunion
 - Work, visit from family or friend, new pet
 - Award, new computer, baby brother or sister

The following must be completed before your Summer Site Website will be graded:

- A new folder titled, “**SummerSite_YourName**”. (no spaces in the folder name)
- All web pages and all information contained in your website, must be saved in your Onedrive folder titled “**SummerSite_YourName**”. (no spaces in the folder name)
- The starting page for your site must have the file name “**index.htm**”.

Your website must contain the following:

POINTS	WHAT NEEDS TO BE DEMONSTRATED BY STUDENT TO RECIVE CREDIT	CHECK-OFF STUDENT	CHECK-OFF INSTRUCTOR
40pts	4 web pages, starting page titled, index.htm <i>**150 WORDS for credit</i>
